To Whom It May Concern

Consortium of Christian Relief and Development Association is a national umbrella organization of more than 450 Ethiopian Resident and Foreign Charity organizations engaged in a multitude of relief and development activities in Ethiopia. One of the main focus areas of the consortium is to advocate for better policy environment in women, children and youth focused programs through facilitating assessments for policy round table discussion.

In light of this, CCRDA had organized an assessment from 29th, September, 2021 – 20th December, 2021 on “CSO Complementary Report to Ethiopia’s 6th and 7th Combined State Party Report to the UN Committee on the Rights of the Child (2015-2020)” and Institute for Education Health and Development PLC was assigned as a consultant to conduct the assessment.

CCRDA would like to confirm that **Institute for Education Health and Development PLC** delivered the assessment report meeting the expected quality in time.

Sincerely yours,
