Subject: Letter of Testimony for a well-done Research

Dear Sir/Madam,

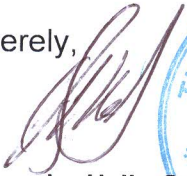

I am pleased to write this testimonial letter for the Institute for Education, Health and Development (InEHD) plc, for successfully conducting research commissioned by the Luminos Fund under the title "*Examining Levels of Learning Loss, Trauma, and Resilience in Children, Parents, and Teachers in Tigray, Ethiopia*".

The Luminos Fund (www.luminosfund.org), is a US based International NGO that works to ensure no child is ever denied an education, whether by poverty, crisis, or discrimination.

As the Luminos Fund Ethiopia Country Director, I would like to sincerely thank the Institute for Education, Health and Development (InEHD) plc and the lead researcher Dr. Belay Hagos for your dedication and commitment towards the above-mentioned research work. Your valuable efforts have been fruitful. Your work is truly commendable, and we appreciate your contribution to enable the Luminos Fund and other development actors to address the education disruption problem in the Tigray region in the aftermath of the war. Hoping that you keep on doing the good work, a huge shout-out and heartfelt thanks to the entire research team for accomplishing this research work from February 2023 to June 2023.

I am delighted to recommend InEHD for similar research projects. Should you have any query, please do not hesitate to contact me through e-mail: alemayheu@luminosfund.org

Sincerely,

Alemayehu Hailu Gebre (PhD)
